CERTIFICATE OF COMPLIANCE

Certificate Number Report Reference Issue Date 20170522-E228790 E228790-20120110 2017-MAY-22

Issued to: Knowles Electronics (Suzhou) Co Ltd No 20 Chunxing Rd Caohu St Xiangcheng Economic Development District Suzhou, Jiangsu 215131 CHINA

This is to certify that representative samples of

COMPONENT - FIXED CAPACITORS FOR USE IN ELECTRONIC EQUIPMENT Class X1, Y2 Capacitors. Model A series with Capacitance from 150pF ~ 10 nF with tolerance J, K or M.

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety:See Addendum PageAdditional Information:See the UL Online Certifications Directory at
www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: **A**, may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Barnally

Bruce Mahrenholz, Director North American Certification Program UL LLC
