DESCRIPTION

One of DLI's surface mount catalog bandpass filters designed for the 5G band. This filter utilizes DLI’s low loss temperature stable materials which offer small size and minimal performance variation over temperature.

DLI's catalog BPF's are offered in a variety of frequency bands, which offers a drop-in solution with highly repeatable performance.

FEATURES

- Small Size
- Shielded Component
- Surface Mount Package
- Moisture Sensitivity Level: MSL1
- Frequency Stable over Temperature
- Operating & Storage Temp: -55°C to +125°C
- 50Ω Characteristic Impedance

Packaging and Ordering Information:
To request Tape and Reel packaging, please order part number B279KB1S-T

*Electrical specifications at room temperature. Insertion loss shall vary up to ±0.5 dB over temperature.
RF Measured Performance
Physical Dimensions

Units = inches (in)

- 50Ω trace dimensions are application specific.
- Ensure adequate grounding beneath the part.
